**ADDENDUM #14
for RFP HHSDC 4130-141A
Case Management Information and Payroll System**

To All Bidders:

This cover letter is in reference to Addendum #14 to RFP HHSDC 4130-141A. Addendum #14 is complete in both Microsoft Word format and Portable Document Format (PDF). The PDF version is the official copy and takes precedence over any Microsoft Word version. New and revised text appears as a tracked change and is marked with a vertical line in the margin of the page. All other terms and conditions of the RFP remain the same.

The main objectives of Addendum #14 are 1) adding a third contract, 11C for Hardware and Software and removing hardware and software from contracts 11A and 11B; and 2) changing the requirement of upgrading all COTS as part of Fixed-Price work during M&O. Instead, COTS that support CMIPS II business requirements, such as the payroll COTS, will be upgraded as a Fixed-Rate item. COTS upgrades to software for support tools such as tools for development, system monitoring, issue tracking, etc. will remain in the Fixed-Price of the M&O contract. Additional changes have been made to correct formatting and consistency errors.

The following changes are included in Addendum #14:
